

# Universal Opening Surface Mount Box

CommScope announces new universal opening surface mount boxes, available globally. The universal opening design allows CommScope M series, SL series and KJ series (with adapter) jacks to be installed in the same port. Fewer material IDs means easier management of stock and lead times.

## Design Features:

- Universal opening used both with M and SL series modular information jacks. Also used with KJ series jacks with an adapter.
- Material is UL 94 V-0 compliant
- Plenum rated boxes are available
- Different color options
- One and two port options

**General Availability: December 19, 2021**

## Ordering Information:
