## Vertical Cable Management Discontinuation

CommScope is announcing the discontinuation of legacy vertical cable managements globally. The new CableGuide 360™ vertical cable managements will be the replacement, and they are available to order already.

No new orders will be accepted after June 30, 2026. CommScope will make every effort to fulfill last time orders; however, due to supply chain constraints we cannot guarantee all orders will be fulfilled.

Please find the comprehensive list of discontinued parts and relative replacement parts in the table below.
